

PLATE CARRIER ATS-PCR-02

PLATE CARRIER ATS-PCR-02

AVAILABLE ACCORDING
TO ALL OTHER
INTERNATIONAL STANDARDS.

2XFRONT/BACK
ARMOR PLATE

DESCRIPTION

A complete kit for the utilization of the Ballistic Plate Carrier ATS-PCR-02 is a Plate Carrier with Molle Webbing System. It can be worn with or without a soft armor panel, depending upon ballistic requirements, threat conditions and the type of plate utilized. The Plate Carrier is easily tailored for comfort, ventilation and fit. It is developed out of the specific need of those who find themselves first in a crisis. It goes on quickly and easily over your duty soft armor and blouse.

FEATURES:

- MOLLE plate carrier
- Accepts 250x300mm hard armor panels and soft armor panels
- Space mesh inside
- Front, rear torso protection
- Removable hard armor plates
